

Dear Families,

We have had the most fun and fulfilling day celebrating Children in Need! We had a big secret... a VIP visit from none other than Pudsey himself! He came along with Radio Gloucestershire to find out about our fundraising efforts.

You can listen to us on Radio Gloucestershire (we make no apologies for the loud shrieks of excitement you'll hear from the children when he surprised them in the hall and joined in with the dancing!) Listen here: https://www.bbc.co.uk/sounds/play/live:bbc_radio_gloucestershire starting at 16:09pm.

Thank you for all the generous donations on Parent Pay, on the gate and of cakes for our cake sale after school. We will let you know our fundraising total shortly!

Bishop's Visitor

We had a visit from our new Bishop's Visitor, Mark Lees, this week. Before retiring to Cirencester, Mr Lees worked for many years as a Headteacher, a CEO of a Multi-Academy Trust and an Ofsted Inspector. This is what he wrote to us following his visit:

'It was clear from our discussions and visiting classrooms that 'The smallest of all seeds ...grow and become the largest of plants.' The caring ethos of your school permeates all you do and this is now based within firm expectations and much improved standards of behaviour.

With your team you have worked to implement and embed a curriculum that ensures that knowledge and skills are acquired and remembered. There is a lovely feel to the school as we walked around. It feels calm, orderly and the children welcomed us into classrooms with smiles and information when questioned.'
